1st Floorplan

The Abbott is a compact, efficient plan with a low square footage that makes it budget friendly. The Abbott still provides plenty of storage with a large pantry, walk in master closet, and a good sized kitchen. An open living and dining room with a wall separating the kitchen giving the plan a more homey feel.

Plans and elevations are artist's conceptions and may vary from standard plans. Homestead Homes of America, Inc. reserves the right to modify plans and designs without notice.
